The rise of the Internet, social media, and other technologies have completely revolutionized the way people live. Along with the good these developments have made possible, they have also unleashed tidal waves of sexual harm:

***pornography exposure abuse; sexually explicit and sexually violent video games; child sexual abuse images; spycamming; sexting; sextortion; "sugar daddy" sites; online sex trafficking; prostitution review boards; compulsive sexual behaviors; grooming, and more***

This is why the Coalition to End Sexual Exploitation Online Global Summit creates a one-of-a-kind setting, where people from across sexual abuse and exploitation sectors, as well as from a diverse range of professional, political, and personal backgrounds, coalesce to be informed, equipped, connected and inspired.

**Don't miss this unique opportunity to find common purpose with others who believe in preserving respect, intimacy, mutuality, responsibility, and love in human sexual relationships.**
